Dear Professor,

please accept my sincere congratulations for organizing the **7-th International Conference on "Mathematical Analysis, Differential Equation & Their Applications MADEA-7"**. I would like to say that you and the organizing committee did an outstanding job.

The conference was professionally organized in terms of content and logistics. The lectures covered a broad spectrum of topics, so everyone felt that there was something of interest for them. From my personal point of view, I am very much satisfied same for general conditions as well as purely scientific interest.

Once again thank You for Your courtesy and personal attitude.

Sincerely,
Prof. Józef Zając
