

Dear organizers MADEA7,

I am writing this letter to thank you for the organizing of the Conference MADEA7 in Baku at September 8-13, 2015.

The conference was organized in a very high level, including the chosen subjects, rich program and hospitality of participants.

Especial thanks to Professor Abdullaev, Professor Mordanov and Professor Guliyev. I really appreciate their efforts and hard work to organize such kind of a fine conference.

I am sure that this event is a big contribution to the development of the Mathematical Community and personal communications.

Sincerely,

David Shoikhet

Professor David Shoikhet, Ph.D.
